

# SHIP

Azamara specializes in immersive itineraries to destinations worldwide, providing extraordinary service and exceptional cuisine aboard boutique ships that visit a combination of popular cities and hidden gems.

Its intimate ships are able to call at remote harbors and ports that larger cruise ships can't reach. Many itineraries feature longer stays and overnights in port so that passengers can experience more of the destination. Azamara offers a complimentary nighttime shore excursion called AzAmazing Evening on every sailing of seven nights or longer (except for transatlantic crossings).

The fare of an Azamara cruise includes select wines, beers and spirits throughout the ship, as well as gratuities, bottled water, soft drinks, teas and specialty coffees at no extra cost.

Azamara also has designed country-intensive voyages where all or most ports of call are within one nation, allowing travelers to explore the culture, cuisine and history in depth.
