

## Jewish Heritage

Discover centuries of tradition, heritage, and culture on a Jewish Heritage cruise through central Europe. These cruises include guided visits to a variety of significant sites dedicated to conserving the rich Jewish legacy, from historic synagogues, cemeteries and neighborhoods to modern monuments and memorials. Highlights may include a trip to the Jewish Museum in Vienna, Oskar Schindler's house in Regensburg, the Dohany Street Synagogue in Budapest -- the second largest synagogue in the world -- or Courtroom 600 at the Palace of Justice where the Nuremberg Trials took place.

These custom-designed excursions are included in the price of your vacation, as are accommodations, most meals and onboard entertainment.
