

SHIP

Formerly operated by Norwegian's parent company Star Cruises, the Norwegian Spirit joined Norwegian's fleet in 2004 and has only gotten more impressive since then. Dining options range from as casual as the Garden Cafe to as upscale as Onda, a fine Italian restaurant. After dinner, head to the show lounge to enjoy powerful live performances by some of the most talented performing artists at sea. There are several spots to enjoy drinks onboard as well. Take pleasure in a full range of premium champagnes and caviar at Magnum's Champagne & Wine Bar, or head to Henry's Pub for beer and darts. With their own areas, kids will have fun with other children their age while you enjoy some alone time. Other amenities include a fully equipped gym, a spa and salon, the library, an internet café, a smoking room, and a casino. Staterooms feature a contemporary design, and are well-appointed with luxury bathroom amenities, a stocked mini bar and 24-hour room service. Comfort awaits you in your stateroom with upgraded bed linens, pillows, mattresses, and memory foam mattress toppers. You'll travel in style on the Norwegian Spirit, no matter how you choose to have fun.
